

CIT4407 Assignment 2 2026

Clarifications

Clarification 1: Added 13 May 2026

In Question 1, data-cleaning task:

Old Version: Delete rows that do not contain the same number of cells as the header.

Corrected Version: Delete those rows that contain any empty fields, even if they otherwise match the number of columns in the header.

Clarification 2: Added 13 May 2026

In Question, error-checking task:

Old Version: Input CSV file has incorrect number of columns

Corrected Version:

Error Case	Output to print
5) Input CSV file has incorrect number of fields in the header	ERROR: Expected 7 columns in the header

Clarification 3: Added 13 May 2026

Submission Process: Along with the files listed in `A2_Specifications.pdf`, please also remember to submit a `README.md` file. This file will be assessed as part of the style and maintainability component.

(Note: `README.md` files are covered in `L6B_updated.pdf` and were discussed in the Week 11 lecture on 11 May 2026.)
